

ANDY H

Andy H - Biog 2019

Having honed his skills in the world of turntablism, Andy H applies his unique style of DJing to dancefloor bass-music while still remaining true to his Hip Hop roots.

As a UK DMC and Red Bull 3Style finalist he champions the art of real DJing and channels that energy into every performance, kick starting any dance-floor.

As well as gaining notoriety on a national level as a guaranteed party starter and one of the most versatile DJs in the UK, Andy is also resident at the legendary Tuesday Club in Sheffield, which has been going strong for over 20 years now.

Andy has supported thousands of World class DJs and artists including Public Enemy, Chase & Status, De La Soul, Disclosure, DJ EZ, My Nu Leng, Major Lazer, Mark Ronson, Andy C, Jazzy Jeff, Annie Mac, Flying Lotus, Pendulum, Bonobo and countless others over the years, earning himself a reputation as a 'DJs DJ'.

Last year saw him play shows at some of the very best festivals in Europe including Outlook Festival, Electric Castle, Boomtown, Kendal Calling and Tramlines plus many more. In the past his talent has also been recognised by the BBC, who invited him to perform at their Glastonbury Festival stage.

As well as his appreciation of the classics, his dedication to new and exciting music resulted in him cofounding the now legendary First Word Records alongside DJ Gilla.
2019 is looking like another busy year for Andy as bookings start to roll in!
